

## Jeep Safari

A wonderful 180km drive off the beaten track in jeep convoy to discover ancient cultures, village life and beautiful countryside. A discovery in nature. Our guides will take you out in a convoy into the core of the countryside passing through ancient ruins, farmlands and greenhouses. You will visit the beautiful trout farm in Yaka mountain village. Then the following stopover will be Saklıkent, the Hidden valley where we will enjoy a delicious riverside lunch. Leaving Saklıkent behind, we will stop at the sulphurous mud baths then finally we will go back out in the sunshine for a lazy afternoon at Patara Beach. Before the tour starts you may choose among two options of driving yourself or be driven by our experienced drivers.
