

Real Estate

Turkey is seen as a good future investment place for its renowned unspoilt beauty and good value, considering the fact that Turkey is on the edge of becoming a member of the EU and has one of the fastest growing markets of the world. If you are considering purchasing land, a villa, house or apartment for residential or holiday use or rental income for yourselves, we will be happy to assist you. We can give you consultation about the legal processes and property purchasing laws of Turkey. They have no legal restrictions against foreigners regarding acquisition of property ownership. Buying property by a foreigner in Turkey involves some different regulations. In case you decide to buy your place here, we will guide you through the whole process of buying property with our experienced estate team. We have a wide range of properties for sale and rent. Many villas/apartments are situated in and around Fethiye, Çali_ beach area, Hisaronu, and many other areas. Our services also include Cleaning and Property Management, transfers and car hire bookings. All welcome.
